About us

THE ORIGINAL CONES® – THE GOLD STANDARD IN PRE-ROLLED CONES

For over 30 years, The Original Cones® has been redefining the smoking experience with precision, quality, and craftsmanship. As a proud part of Mountain High®, we have dedicated ourselves to perfecting the art of pre-rolled cones. Our name is not just a brand; it's a seal of authenticity, innovation, and superior smoking satisfaction.

Precision and Quality: The Core of Our Craft

From the very beginning, our mission has been clear: to create pre-rolled cones that provide an effortless and enjoyable smoking experience. That's why we use the finest ultra-thin rolling paper, engineered for an even, slow burn that enhances the natural flavors of any blend. Each cone is crafted with precision, featuring our signature watermark for authenticity and a seamless structure for optimal airflow.

We don't just produce cones—we craft smoking experiences.

Sustainability Without Compromise

Our Natural Cones® and Bio Organic Hemp Cones® offer an unbleached, eco-friendly alternative without sacrificing the premium quality that defines our brand. Made from sustainably sourced materials, these cones ensure a pure smoking experience while reducing environmental impact.

Quality and responsibility go hand in hand.

Business Solutions: Efficiency Meets Excellence

Beyond serving individual smokers, we empower businesses with bulk orders, private label solutions, and industry-leading filling machines. Our fully customizable services allow brands to create their own signature pre-rolled cones with the same high standards that have made The Original Cones® one of the global leaders.

Reliability is key to our service.

A Legacy of Innovation

Since 1994, we have continued to push boundaries, introducing new technologies and refining our production processes. Our commitment to innovation ensures that our customers receive the best pre-rolled cones in the market, whether for personal enjoyment or large-scale distribution.

Experience the Original

Why settle for less when you can have the best? The Original Cones® is more than a product—it's a promise of excellence. Whether you're a connoisseur looking for the perfect burn or a business searching for a trusted supplier, we deliver an experience that's unmatched in the industry.
